

PROFILE

Hi, I am a web designer / developer, and I have experience designing the iOS and Android front-end application.

I like to think about how to create an easy user service while applying trendy design and animations.

RYU TAKAHASHI

WEB DEVELOPER / DESIGNER

EXPERIENCE

2014 - Present

UI DESIGNER / DEVELOPER / ART DIRECTOR

Freelance

I frequently contact clients and have suggested for higher quality web sites. In addition, as a designer I was involved in the development of new smart phone applications by making the application UI / UX designs.

2012 - 2014

GRAPHIC DESIGNER

identity.inc

As a designer, I was involved in the development of new smartphone games and created hundreds of graphics for the use in the game while communicating with people of other development departments.
